

TSP 20-250-660

TSP 20-340

**Pressure ranges:**

0–100	bar	1450	psi
0–240	bar	3480	psi
0–400	bar	5800	psi
0–630	bar	9135	psi
0–1000	bar	14500	psi

**Required air supply:**

5–6 bar/70–85 psi

**Comment:**

other portable test systems on request

- Vacuum test 0 to -0,8 bar
- Leakage test 0 to 1000 l/min.

**The portable test unit is a fully-assembled unit, ready for installation. The test unit can be used in all applications where high pressure and low flow rates are required.**

**For example for testing of:**

pipes, vessels, valves etc.

**Standard features:**

- Water tank (40 l) and frame made of stainless steel
- Available with 2 or 4 wheels
- Air driven water pump with wide adjustable pressure ranges
- Test circuit with pressure regulator, pressure gauge, shut-off and pressure release valve
- Air filter, water separator and pressure regulator
